Robinson's Old World Beater Fools Talent by Winning in Heavy Going - Exclamation Medium of Killing.

New Orleans, Lat. Jan. 21.-A heavy downpour of rain, which came after the first race to-day, upset overnight calculations, but the bettors seemed to guess pretty well at that. Those who were venturesome enough got a big price against Exclamation in the last race, because of an impression that he would not run well in the muddy going. His owner. Charlie Ellison, was of that opinion, but Trainer Mayberry thought otherwise and after the horse's smooth plates gave place to others with toes and heels, and he warmed up well. Ellison bet \$399 on him lie won in a romp.

I wath brought home another purse for Harry Robinson in the third, a condition affair at a mile. Merry Acrobat was the favorite and finished third. Just when his owner, the book and the public seem to think most of him, he thinks least of himself. and is content to trall another horse or two home. Meanthrope best him to-day as well as Leath. GRIFFIN JUVENILES IN RUCK.

Saidora and Matthis, Heavily Played at One to Two, Were Never in the Race-Aden Almost Ready.

REPUBLIC SPECIAL Hot Springs, Ark., Jan. 22.-Only ten books drew in at Essex Park to-day, but the breaks were finally in their favor. Baikal, the Griffin entry, and King Raine were beaten at short prices and after a good deal of money had been bet on them. Mamie Worth, at 3 to 5, and Incense, at 2 to 10, were the winning choices. The layers would not handle much money on Mamie Worth, and Folies Bergeres beat

ing Delphi for the place proved a fortunate break for the books. Griffin' pair, Saidorn and Matthis, were held at the ridiculously short price of 1 to 2 in the opening dash for 2-year-olds. but the combination of Griffin and Jockey Sperling makes a short price on anything. There was not a good juventle in the race. Minna Baker got off flying and won eased up, with Levinia True and Pretty Nellie had a tight fit for the place. The Griffin pair were on the outside, slow to begin and got nothing. Minna Baker was as good as 30 to 1, but the public overlooked her last race, when she got off last and flew like a bullet to the sixteenth pole and then quit. To-day she had the foot of the party all the way

Platoon was heavily backed in the sec ond. Steven L'Hommedieu sending in a heavy commission, but Gavin C. came to life and wen in a whipping finish from the favorite, who had a rough journey on the rail, where the going was not so

on the fall, where the going was not so good.

T. A. Morgan of St. Louis, who bought Folies Bergeres from Ed Gardner last fall, tried to make a killing with the filly in the third race. Folies Bergeres ran a clinking race for a first out, but never got close to Mamie Worth, who is a very high-class mare, and can take the measure of almost anything hereabouts at three-quarters or less.

Incense was the good thing in the tourth race. He made the pace, and opened a big gap the early part, but Massa finished very strongly, seemed to be winning over him at the end, and was only beaten a neck. Aden was well backed, but halshed third. Aden will about win his next race.

Directors of Union Track State That They Are Willing to Have Amicable Agreement With Governing Turf Body, if Their Associates Approve-Talk of Getting Portion of Racing Dates

That a plan for affiliation between turf bodies, old and new, in the Western circuit, would be welcomed by horsemen, and that the Union course is ready to take its place as member of the younger organization in this city, was stated yesterday by P. J. Carmody, manager of the Natural Bridge road track.

Announcement that the Union Jockey Club course of this city had been taken into the new circuit, formed by Edward Corrigan, was followed yesterday by the statement of the directors that the club would be reorganized on a basis of 300,000 and that Henry Griesedieck would probably be the new president of the concern.

It was also stated that Captain P. J. Carmody would attend the meeting scheduled at Hot Springs to-morrow, and that he would represent the track's interests at that point. It is said that he will probably be re-elected manager of the track when the new meeting of the body convener.

That Worth, New Orleans and St. Louis are the strong points in the new chain of tracks, is the belief of Manager Carmody, who states that the new chain and that it will race regardless of what the other faction is doing.

Arkansas Governor Prepares Measure Providing for State Racing Commission.

TO BE INTRODUCED TO-DAY.

Emergency Clause Calls for Immediate Convening of Board to Apportion Dates for This Year.

BLIC SPECIAL Little Rock, Ark., Jan. 21.-As the outgrowth of the letter written by Governor Davis to the Western Jockey Club demanding fair treatment for Captain Bob Rice, the Arkansas turfman, who was ruled off for participation in the meeting at the Union track at St. Louis last summer, a bill will be introduced in the Arkansas Legislature to-morrow which will put the Western Jockey Club out of bustness, so far as this State is concerned. It will place the control of the three tracks in Arkansas-Essex Park and Oak Lawn at Hot Springs and Clinton Park at Little Rock-under the control of a State Racing Commission, to be composed of the Governor, Attorney General and Secretary of State.

Under the terms of the bill the commit sion will meet this year within a week after the law is passed and in succeeding years on the first Tuesday in January and grant racing dates for the ensuing year. The bill provides that no person, corporation, club or association shall conduct a racing meeting or carry on using in the State without first having obtained a license from the commission, the fee for which is fixed at \$25 for each racing day.

No license shall be issued to any club which refuses to grant the privileges of racing to any individual who has not been ruled off the turf for fraud, and any track violating this provision shall be liable for the offense.

No person shall record bets, pools or engage in bookmaking without first having obtained a license, which shall be issued for not less than three nor more than ninety days, the fee for which is fixed at \$25 per day for each book.

The salaries of the commission and secretary shall is paid from the receipts for licenses, and all money received over and above the expenses shall be paid into the State treasury for the benefit of the school fund. The bill provides that no person, corpo-

this as one of the two events in which he will compete.

He will probably be put on scratch, and the other members with handicaps should make the centest an interesting one.

Holloway's other event has not been named as vet, as he wants to loosen up a bit. If he started in the mile run it should prove an interesting event, with Joe Forshaw and Felix Carvajai, the Cuban, and others as contestants.

"I intend to work regularly from now on until the date of the National All-Around A. A. U. Championship, which will probably be held in New York." said Holloway. The club will probably send me there to represent it, and I think I will come home with first prize."

NEGROJURORCAUSES TROUBLE

Judge Refused to Excuse White Man Who Made Objections.

REPUBLIC SPECIAL Kansas City, Mo., Jan. 2.- The pres of a negro on a jury in Judge McCline's division of the Circuit Court caused trouble this morning. The negro is William A. Rollins. When he arrived at the Courthouse in answer to

a summons for jury service he found about twenty-five white men who had gone there for a like purpose.

Henry P. Linderman, who conducts a hotel at Sheffield, objected to serving with a negro, and when the court was considering excuses he said: "Your Honor, I object to sitting on a jury with a negro. We provide separate schools for negroes. I have always been taught that it was best to keep the races separate and I do not think it is right to ask me to serve here under these circumstances."

Judge McCune told Linderman that there was no legal ground for his excuse, and he did not see how he could excuse him. Several other jurors had told Linderman they would support him in his objection, but these men were quiet when the time came a summons for jury service he found

Local faus are very glad to hear that Dave's knee is rounding to so nicely, as it will certainly mean the improvement of a very important position to the Cardinals. Dave is without doubt a good third baseman, a good hitter and a fast man on his feet, and with him on third constantly it will mean a brighter outlook for the St. Louis Nationals next season.

Danny Miles, who for many seasons, was one of the most promising miner leaguers, is back in the city from Hot Springs. Dan says he is in the best of condition and declares that he is fit and ready to take a chance with some of the major league clubs. Miles says he has a whip like a steel root and that he can took the ball around now with extreme speed and feel no ill effects from the practice. He is anxious to get back in the game again, and says he will keep in condition for the rest of the season.
